

THE 16TH
ASIAN CONFERENCE ON CHEMICAL SENSORS

November 5/Sun. – 8/Wed, 2026 | Seoul National University, Seoul, Korea

Prof. Inkyu Park

KAIST, Korea

Prof. Inkyu Park received his B.S., M.S., and Ph.D. from KAIST (1998), UIUC (2003) and UC Berkeley (2007), respectively, all in mechanical engineering. He has been with the department of mechanical engineering at KAIST since 2009 as a faculty member and is currently a full professor and KAIST Endowed Chair Professor. His research interests are micro/nanofabrication, smart sensors for healthcare, environmental and biomedical monitoring, and flexible & wearable electronics. He has published more than 233 SCI journal articles (45+ cover articles) and 50+ patents in the area of MEMS/NANO engineering, and his publications have been cited more than 24,159 times (h-index=71) as of Jul 2026. He is a recipient of HP Open Innovation Research Award (2009-2012), KAIST Prize for Academic Excellence (2021), KAIST Grand Prize for Technology Innovation Award (2019), Top 10 Nanotechnology of Korea (2023), and Minister Award from Ministry of Science and ICT (2023). He is also a fellow (academician) of Korean Academy of Science and Technology (KAST) and a general member of National Academy of Engineering of Korea (NAEK). At present, he holds the position of editor for Sensors and Actuators B: Chemical (Elsevier), a top-ranked SCI journal in the field of chemical sensor technology.
